Submitted by	ACM Resources (Australia) Pty Ltd jobs@acmresources.com.au
Availability	Full Time

Professional Objective

Motivated and reliable poly welder and plant operator with experience across pipeline construction, dewatering, civil earthworks, and general construction across Western Australia and New South Wales. Skilled in HDPE poly welding, multi-plant operation, and civil construction tasks with a strong commitment to site safety and quality standards.

2. Employment History

ACM Resources (Australia) Pty Ltd

October 2023 – Present

Poly Welder

- Constructing new pipeline systems to specified standards and schedules.
- Maintaining and repairing existing pipeline infrastructure.
- Installing valves and associated pipeline fittings.
- Installing monitoring equipment on pipeline systems.
- Performing civil works associated with pipeline construction activities.
- Assisting with the planning and scheduling of daily works.

BMR Piping and Civil

October 2022 – October 2023

Poly Welder

- Performing poly welding on tailings storage facilities (TSF), dewatering, and piping projects at Granny Smith, Agnew, and Gruyere mine sites.
- Operating HF350, HF225, and T500 poly welding machines to specification.
- Installing valves and completing bolt-up connections.
- Tramming and handling pipe materials across site.
- Operating a telehandler and skid steer during project works, and an elevated work platform (EWP) during shutdown periods.
- Performing spotting duties to support safe plant operations.
- Completing pipe fabrication works.
- Driving trucks and operating all required site vehicles.

Civmec

May 2022 – September 2022

General Hand

- Completing general construction tasks on the BHP PDP1 Civils and Earthworks Project at Port Hedland.
- Performing spotting duties for detailed earthworks operations including backfilling and trench opening.
- Installing geofabric materials to specification.
- Working safely in high-risk areas including a 11,000 kW electrical zone.
- Operating a compactor and laser levelling equipment, and operating a roller as required.
- Forming and fitting cable tray and assisting with the installation of electrical equipment.

Deicorp*December 2021 – May 2022*

General Hand

- Installing devices and instruments using power tools including jackhammers, grinders, drills, and power saws.
- Installing light, power, and earthing systems above ground.
- Spotting for machinery and elevated work platform (EWP) operations.
- Carrying out cable termination and conduit installation works.
- Assisting high-voltage jointers and testers.
- Forming and fitting cable tray and assisting with electrical equipment installation.
- Pulling cables to the required schedule and estimating cable lengths.

OZ-KA Construction*2019 – March 2021*

General Hand

- Working alongside pipeline laying crews, including spotting for excavators during trench opening operations.
- Raking, compacting, and backfilling excavations as required.
- Assisting poly welders with pipeline installation tasks.
- Completing general construction duties across civil construction sites.
- Operating power tools including jackhammers, grinders, drills, and power saws.
- Driving tractors and operating other site plant as directed.

3. Skills & Competencies

Competency Area	Detail
Poly Welding	Certified poly welder experienced in HDPE pipeline construction, maintenance, valve installation, and bolt-up using HF350, HF225, and T500 welding machines across mining and civil sites.
Plant Operation	Competent in the operation of IT loaders, rollers, telehandlers, excavators, skid steers, and elevated work platforms (EWP).
Civil Construction	Experienced across pipeline trenching, backfilling, compaction, earthworks, geofabric installation, cable tray installation, and general civil construction activities.
Safety & Compliance	Holds confined space, working at heights, and white card certifications with practical experience across high-risk construction environments.

4. Licences & Certifications

Certification / Ticket	Category	Details
Poly Welding	Civil	Certified poly welder with experience using HF350, HF225, and T500 machines on HDPE pipeline projects.
IT Loader	Plant	Certified operator of integrated tool carrier (IT) loaders.

Roller	Plant	Certified vibratory roller operator.
Telehandler	Plant	Certified telehandler operator.
Excavator	Plant	Certified excavator operator.
Confined Space	Safety	Certified to enter and work in confined spaces.
Elevated Work Platform (EWP)	Plant	Certified EWP operator.
Dogging	Competency	HRWL Dogging ticket.
Chainsaw	Competency	Chainsaw operation competency.
4WD Operation	Competency	4WD driving and recovery competency.
Skid Steer	Plant	Certified skid steer loader operator.
First Aid	Safety	Current First Aid certificate.
Working at Heights (WAH)	Safety	Working at Heights certification.
White Card	Safety	General Construction Induction Card (White Card).
HR Drivers Licence	Licence	Current Western Australian Heavy Rigid (HR) Drivers Licence.
BHP Site Induction	Competency	BHP site induction.
Rio Tinto Site Induction	Competency	Rio Tinto site induction.
FMG Site Induction	Competency	Fortescue Metals Group (FMG) site induction.

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. this candidate (Ref: ACM-HR-CV-007) is presented by ACM as a skilled professional available for immediate placement. All enquiries regarding this CV should be directed to jobs@acmresources.com.au.
