Submitted by	ACM Resources (Australia) Pty Ltd jobs@acmresources.com.au
Visa	Australian Citizen
Availability	Full Time

Professional Objective

Experienced Project Supervisor and skilled Polywelder with over 15 years in the mining and construction industry. Proven expertise in detailed and bulk earthworks, HDPE pipeline fabrication and welding, dewatering, and all-round plant operation. Holds Schedule 26 Statutory Supervisor certification, Certificate IV in Civil Construction Supervision, and Certificate III in Polymer Processing. Demonstrated ability to build, lead, and manage multi-discipline work groups across multiple work fronts, liaising effectively with clients and ensuring adherence to project specifications, quality assurance, and HSE requirements. FMG inducted as Isolation Officer, Permit Holder and Permit Issuer.

2. Employment History

TCD Group

2021 – Present

Project Supervisor

- Supervised HDPE pipeline installation, fabrication, and dewatering projects for mining and civil clients.
- Managed multi-discipline work crews across multiple simultaneous work fronts.
- Ensured adherence to client and project specifications, quality standards, and HSE requirements.
- Liaised with clients and project management to track progress and meet milestone dates.
- Applied Schedule 26 statutory supervisor responsibilities on WA mine sites.
- Maintained FMG Isolation Officer, Permit Holder, and Permit Issuer status throughout project works.

Cape Utilities

2016 – 2021

Project Supervisor

- Supervised polyethylene pipeline installation and dewatering operations across mining infrastructure projects.
- Led and managed work groups in the planning and execution of project works.
- Enforced quality assurance and HSE compliance in challenging field environments.
- Coordinated with project management and clients to ensure works aligned with scheduling and specification requirements.

Thiess

2015 – 2016

Dewatering Technician

- Operated and maintained dewatering systems on mining and civil construction sites.
- Monitored pump performance, troubleshoot faults, and carried out maintenance to ensure continuous dewatering operations.
- Worked within confined space and permit-to-work environments.

Underground Services

2014 – 2016

HDPE Crew Leader

- Led HDPE pipeline crews on underground services installation projects.
- Performed butt fusion, electrofusion, and extrusion welding on polyethylene pipelines.
- Supervised crew members and maintained quality and safety standards throughout project works.

GFR

2012 – 2014

Polywelder

- Performed butt fusion, electrofusion, and extrusion welding of polyethylene pipelines on site.
- Maintained equipment and ensured all welds met project quality specifications.
- Worked safely within mining site environments under permit-to-work procedures.

Innotech Site Services

2011 – 2012

Workshop Polywelder

- Fabricated HDPE pipeline components and assemblies in a workshop environment.
- Performed extrusion and butt fusion welding to project specifications.
- Maintained a clean and safe workshop environment.

GFR

2010 – 2011

Site Polywelder

- Performed on-site polyethylene pipeline welding using butt fusion and electrofusion methods.
- Worked within mining site environments, adhering to site safety and quality standards.

GFR

2008 – 2010

Poly Workshop Fabricator

- Fabricated polyethylene components and assemblies in a production workshop setting.
- Developed foundational skills in HDPE welding, extrusion techniques, and pipeline fabrication.
- Maintained quality control over fabricated items prior to site delivery.

3. Skills & Competencies

Competency Area	Detail
HDPE Pipeline Welding & Fabrication	Advanced skills in butt fusion (PMBWELD301E), electrofusion (PMBWELD302E), and extrusion welding (PMBWELD309) of polyethylene pipelines. Over 15 years of hands-on welding experience in workshop and site environments.
Project Supervision & Leadership	Holds Schedule 26 Statutory Supervisor certification and Certificate IV in Civil Construction Supervision. Experienced leading multi-trade work groups across simultaneous work fronts in mining and civil construction.
Dewatering	Extensive experience operating and maintaining dewatering systems across mining and civil projects. Experienced as a Dewatering Technician with Thiess and in supervisory dewatering roles.
Plant Operation	Experienced operating IT Loaders, Skid Steer, Excavators, and Forklifts across various mining and civil construction projects.
Health, Safety & Environment	FMG inducted as Isolation Officer, Permit Holder, and Permit Issuer. Holds confined space entry, gas test atmospheres, and permit-to-work competencies. Strong commitment to HSE leadership and compliance.

Quality Assurance

Strong focus on quality assurance throughout project lifecycle, from weld preparation and inspection through to final project delivery. Adherence to client specifications and aesthetic requirements.

4. Licences & Certifications

Certification / Ticket	Category	Details
PMB30121 — Certificate III in Polymer Processing	Qualification	Certificate III in Polymer Processing
PMBWELD301E — Butt Weld Polyethylene Plastic Pipelines	Competency	Butt fusion welding of polyethylene pipelines
PMBWELD302E — Join Polyethylene Plastic Pipelines using Electrofusion Welding	Competency	Electrofusion welding of polyethylene pipelines
PMBWELD309 — Weld Plastic using Extrusion Techniques	Competency	Extrusion welding of plastic pipelines
RIIWHS202E — Enter and Work in Confined Spaces	Safety	Confined space entry and working
MSMWHS217 — Gas Test Atmospheres	Safety	Gas testing and atmosphere monitoring
MSMPER200 — Work in Accordance with an Issued Permit	Safety	Permit to work — Permit Holder and Permit Issuer
HLTAID011 — Provide First Aid and CPR	Safety	First aid and cardiopulmonary resuscitation
Schedule 26 — Statutory Supervisor	Competency	WA Mining statutory supervisor certification (superseding Section 44)
RII40720 — Certificate IV in Civil Construction Supervision	Qualification	Certificate IV in Civil Construction Supervision
FMG Induction — Isolation Officer / Permit Holder / Permit Issuer	Competency	Fortescue Metals Group site induction with Isolation Officer, Permit Holder, and Permit Issuer authorisations

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. Jak Peckitt is presented by ACM as a skilled professional available for immediate placement. All enquiries regarding this CV should be directed to jobs@acmresources.com.au.
