

Curriculum Vitae

Liam Pickett

Position: Leading Hand Poly Welder | All-Round Poly Welder / Operator

Submitted by: ACM Resources (Australia) Pty Ltd

Contact: jobs@acmresources.com.au

Date: April 2026

Doc Ref: ACM-HR-CV-028

1. Candidate Overview

Liam Pickett

Address	Western Australia
Phone	—
Email	—
Submitted by	ACM Resources (Australia) Pty Ltd jobs@acmresources.com.au
Visa	Australian Citizen
Availability	Full Time

Professional Objective

Highly skilled and experienced All-Round Poly Welder and Leading Hand with over 17 years in pipeline fabrication, installation, and civil operations. Proficient in all forms of polyethylene welding including butt fusion, electrofusion, extrusion, and socket welding. Experienced in instrument installation and maintenance, excavator operations, dewatering, and managing workgroups as Leading Hand. Holds a broad range of tickets including HRWL (Dogger), LF (Forklift), gas testing, working at heights, chainsaw, and White Card. Inducted with Rio Tinto, BHP, and FMG. Available immediately.

2. Employment History

ACM Resources

October 2021 – Present

Leading Hand Poly Welder

- Polyethylene welding of new pipeline systems on mining and civil infrastructure projects.
- Maintenance of existing pipelines, including fault identification and repair.
- Instrument installation and ongoing maintenance associated with pipeline works.
- Civil operations in support of pipeline installation activities.
- Dewatering operations across project work fronts.
- Management of workgroup activities and personnel as Leading Hand.
- Carried out leading hand duties including planning, coordinating crew tasks, and liaising with supervision.

Project Mining & Maintenance Pty Ltd

December 2019 – January 2021

Leading Hand Poly Welder

- Polyethylene welding of new pipeline systems.
- Maintenance of existing pipelines.
- Instrument installation and maintenance.
- Civil operations supporting pipeline works.
- Dewatering operations.
- Management of workgroup as Leading Hand.
- Carried out leading hand coordination and supervisory duties.

Polyfit Fabrication & Installation*December 2016 – October 2021*

Poly Welder

- Performed extrusion welding, socket welding, electrofusion welding, and butt fusion welding of polyethylene pipelines.
- Carried out hydro testing of completed pipeline systems to verify integrity.
- Fabricated HDPE components and assemblies in workshop and site environments.
- Conducted on-site installation and field work for Rio Tinto — inducted for site access.
- Operated forklift for materials handling in workshop and yard environments.
- Acted as Leading Hand on relevant project works.
- Note: Includes a second period January 2021 – October 2021 following gap in service.

Kingstone Bridge Engineering*March 2013 – November 2016*

Poly Welder

- Performed butt fusion welding, extrusion welding, and electrofusion welding of polyethylene pipelines.
- Carried out pipe bending operations.
- Operated forklift for materials movement.
- Operated granulator equipment.
- Maintained machinery and equipment to ensure operational readiness.

Walton Plastics*February 2012 – December 2012*

Plastic Welder

- Performed plastic welding operations.
- Operated forklift for materials handling.

D.M. Civil Drainage & Construction Pty Ltd*January 2007 – December 2011*

Plastic Welder / General Hand

- Performed pipe laying for stormwater, water mains, and sewage infrastructure.
- Carried out precast installation works.
- Cored manholes ranging from 50mm to 600mm.
- Performed polyethylene welding operations.
- Maintained equipment and ensured operational readiness.
- Operated excavator for civil drainage and construction activities.

3. Skills & Competencies

Competency Area	Detail
Polyethylene Pipeline Welding	Expert in all forms of poly welding: butt fusion, electrofusion, extrusion, socket, and hydro testing. Over 17 years of experience across fabrication, installation, and field maintenance environments.
Leading Hand / Crew Management	Experienced Leading Hand managing workgroups on mining and civil pipeline projects. Responsible for crew coordination, planning, task allocation, and liaison with supervision.
Civil & Pipeline Operations	Experienced in instrument installation and maintenance, dewatering, excavator operations, and civil works associated with pipeline and drainage infrastructure.
Plant Operation	Competent excavator operator with civil drainage and construction experience. Holds Forklift Licence (LF) and HRWL Dogger ticket.

Safety & Inductions

White Card holder. Inducted with Rio Tinto, BHP, and FMG. Holds gas testing, working at heights, and chainsaw tickets.

4. Licences & Certifications

Certification / Ticket	Category	Details
Poly Welding	Competency	Polyethylene pipeline welding — butt fusion, electrofusion, extrusion, and socket welding
Extrusion Welding	Competency	Plastic extrusion welding technique
Excavator	Plant	Excavator operations — civil construction and drainage
Telehandler	Plant	Telehandler operations
HRWL — Dogger (DG)	Competency	High Risk Work Licence — Dogger
Forklift Licence (LF)	Plant	Forklift operations
Gas Test	Safety	Gas testing and atmosphere monitoring
Working at Heights (WAH)	Safety	Working at heights
Chainsaw	Competency	Chainsaw operations ticket
White Card — Construction Induction	Safety	General Construction Induction (White Card)
C Class Driver's Licence (DL)	Licence	C Class motor vehicle licence
Rio Tinto Site Induction	Competency	Rio Tinto inducted
BHP Site Induction	Competency	BHP inducted
FMG Site Induction	Competency	Fortescue Metals Group inducted

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. Liam Pickett is presented by ACM as a skilled professional available for immediate placement. All enquiries regarding this CV should be directed to jobs@acmresources.com.au.
