Ref	ACM-HR-CV-015
Submitted by	ACM Resources (Australia) Pty Ltd jobs@acmresources.com.au
Visa	Australian Citizen
Availability	Full Time

Professional Objective

Highly experienced and safety-focused Piping and Civil Supervisor and Project Coordinator with a strong background in mining dewatering, HDPE pipeline construction, and civil infrastructure across the Pilbara and Goldfields regions. With over a decade of industry experience, Chavez combines trade qualifications in plumbing and gas fitting with demonstrated leadership, project management, and workforce training expertise. He is recognised for driving continuous improvement, building high-performing teams, and delivering projects on time and within budget in compliance with WHS regulations and client quality standards.

2. Employment History

ACM Resources (Australia) Pty Ltd

April 2026 – Present

Piping and Civil Supervisor / Project Coordinator

- Supervising and coordinating HDPE pipeline and civil construction activities across mine site operations.
- Managing compliance with WHS regulations, corporate documentation requirements, and client quality standards.
- Conducting site visits to assess client needs and developing project plans and schedules.
- Maintaining and managing technical query (TQ) registers and overseeing redline drawings and markups.
- Delivering poly welding operations on DN125 to DN450 HDPE pipelines.
- Operating heavy equipment including loaders, water carts, and rollers as required.
- Providing emergency response coordination and holding current First Aid certification.

Linkforce

—

Supervisor — Shutdowns

- Supervised shutdown activities on mine site operations including pipeline and civil works.
- Ensured compliance with FMG, BHP, and Rio Tinto site induction and safety requirements.
- Coordinated confined space entry, working at heights, and EWP operations.
- Managed crew performance and maintained safety and quality standards throughout shutdown activities.

Various Clients — Goldfields Region

—

Project Coordinator

- Coordinated mining dewatering and water management projects across the Goldfields region.
- Conducted client liaison and developed detailed project plans and scheduling documentation.
- Managed project compliance documentation and quality control workflows.
- Prepared visual presentations and key stakeholder reports.

Various Clients — FMG Chichester Cloudbreak**Project Coordinator**

- Coordinated pipeline and civil construction activities at the FMG Chichester Cloudbreak operation.
- Managed schedule adherence, technical issue resolution, and crew resource allocation.
- Ensured full compliance with FMG site safety, induction, and documentation requirements.
- Oversaw quality assurance documentation and reported progress to key stakeholders.

3. Skills & Competencies

Competency Area	Detail
Mine Dewatering and Water Management	Extensive experience in the design, construction, and supervision of mine dewatering infrastructure including bore fields, pipelines, pump stations, and associated civil works.
Poly Welding	Proficient in HDPE poly welding across DN125 to DN450 pipe diameters using butt fusion, electrofusion, and extrusion welding techniques.
Heavy Equipment Operation	Experienced in operating loaders, water carts, and rollers on mine site and civil construction projects.
Project Coordination	Proven ability to manage complex projects across multiple sites, develop schedules, maintain TQ registers, and coordinate technical documentation.
Safety and Compliance	Strong understanding of WHS legislation, JSA preparation, Schedule 26 statutory responsibilities, and site compliance requirements for major resources clients including FMG, BHP, and Rio Tinto.
Training and Supervision	Experienced in supervising and training site crews, ensuring competency compliance and consistent application of safety and quality standards.

4. Licences & Certifications

Certification / Ticket	Category	Details
High Risk Work Licence (HRWL)	Competency	High Risk Work Licence covering plant and equipment operation in hazardous environments.
Excavator — Civil and Hydraulic	Plant	Competency in civil and hydraulic excavator operation.
First Aid and CPR	Safety	Current First Aid and CPR certification.
Working at Heights (WAH)	Safety	Certified for work at heights including harness use and anchor point inspection.

Chainsaw Maintenance and Operations	Competency	Certified for chainsaw operation and maintenance.
Fire Training	Safety	Certified in fire safety and emergency response.
Confined Space Entry	Safety	Certified for confined space entry procedures.
Skid Steer	Plant	Competent in skid steer loader operation.
White Card (Construction Induction)	Safety	General Construction Induction card — national white card.
Gas Test Atmospheres	Safety	Competency in atmospheric gas testing for confined space and hazardous area entry.
Conduct Water Vehicle Operations	Competency	Certified for water cart and water vehicle operations on mine sites.
Schedule 26 — WA Mining Supervisor	Safety	Western Australian statutory mine supervisor certificate under the Mines Safety and Inspection Act.
Standard 11 — Queensland Coal Mining	Safety	Queensland statutory competency for coal mining operations.
Butt Welding	Competency	Competency in HDPE butt fusion welding for pipeline construction.
Section 44	Safety	Competency under Section 44 of the Mines Safety and Inspection Act.
Telehandler	Plant	Competent in telehandler operation for material handling on site.
Electrofusion Welding	Competency	Competency in electrofusion welding of HDPE pipelines.
IT Loader Operations	Plant	Competent in integrated tool carrier (IT) loader operation.
Extrusion Welding	Competency	Competency in extrusion welding of HDPE pipeline systems.

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. this candidate (Ref: ACM-HR-CV-015) is presented by ACM as a skilled professional available for immediate placement.
