Submitted by	ACM Resources (Australia) Pty Ltd jobs@acmresources.com.au
Visa	Australian Citizen
Availability	Full Time

Professional Objective

An accomplished earthworks operator with extensive experience across civil mining and construction environments, specialising in GPS-guided bulk and final trim earthworks, excavator and dozer operation, and civil infrastructure works. Adam has worked across major resource projects for clients including Rio Tinto, BHP, Fortescue, and Roy Hill, demonstrating broad plant competency and civil earthworks expertise.

2. Employment History

Aussie Civil & Mining Resources

2020 – Present

All-Rounder / Operator

- Operated excavators for general civil and mining earthworks activities.
- Operated dozers for clearing, bulk earthworks, and final trim operations.
- Utilised GPS machine control systems (IT) for precise final trim earthworks.
- Operated loaders for general materials handling and earthworks support.
- Performed bulk and final trim earthworks to survey specifications using GPS guidance.
- Constructed and maintained roads and access tracks to project standards.
- Completed civil earthworks associated with pipeline construction projects.
- Undertook water transfer and storage civil works including turkey's nest construction.
- Constructed equipment and laydown pad civil works.
- Conducted greenfields site clearance in accordance with environmental guidelines.
- Performed load and haul operations and managed stockpile creation and monitoring.
- Assisted with NPI (Non-Process Infrastructure) construction activities.

Innotech

September 2017 – 2020

All-Rounder / Operator

- Operated excavators for civil and mining earthworks.
- Utilised GPS machine control (IT) for precision earthworks.
- Operated loaders for general materials handling.
- Assisted with pipe handling and minor earthworks activities.
- Constructed turkey's nest water storage facilities.

OTOC Australia*February 2014 – September 2017***All-Rounder / Operator**

- Boxed out subgrade for car parks and access roads.
- Loaded tipper trucks using a 24-tonne excavator and loader.
- Backfilled trenches for services and infrastructure.
- Operated water carts for dust suppression and site management.
- Completed detailed earthworks for concrete slabs and footings.
- Performed final trim earthworks for veranda pads and footpaths to $\pm 5\text{--}10\text{mm}$ tolerance.
- Trenched for services including power, water, and communications to grade.
- Managed and coordinated up to 25 personnel including operators and plumbers.
- Checked and signed off Job Hazard Analysis (JHA) sheets for crew compliance.
- Installed stormwater drainage systems.
- Lifted and placed concrete blocks using an excavator.
- Conditioned and shaped subgrade materials.
- Completed detailed earthworks around structures including battering.

3. Skills & Competencies

Competency Area	Detail
Earthworks & Final Trim	Specialist in GPS-guided bulk and final trim earthworks, achieving precise tolerances for civil infrastructure, pads, and access roads across mining and civil projects.
Plant Operation	Competent operator of excavators, dozers, loaders, rollers, skid steers, articulated dump trucks, forklifts, and telehandlers. Holds an HR Drivers Licence.
Civil Mining Works	Experienced across road construction, pad development, pipeline civil works, turkey's nest construction, stockpile management, and greenfields clearing.
Traffic Control	Holds a Traffic Control qualification applicable to construction and mining site environments.
Rigging	Holds a rigging competency for lifting operations on civil and mining sites.

4. Licences & Certifications

Certification / Ticket	Category	Details
Dozer Operation	Competency	Competent operator of dozers for earthworks, bulk grading, and final trim applications.
Grader Operation	Competency	Competent operator of motor graders for road construction and maintenance.

Excavator Operation	Competency	Competent operator of excavators for civil mining and construction earthworks.
Roller Operation	Competency	Competent operator of rollers for compaction activities.
Loader Operation	Competency	Competent operator of wheel loaders for materials handling and earthworks.
Rigging	Competency	Rigging competency for lifting and load management operations.
Skid Steer Operation	Competency	Competent operator of skid steer loaders for civil and mining applications.
Articulated Dump Truck (ADT) Operation	Competency	Competent operator of articulated dump trucks for haul and earthworks activities.
Forklift Operation — HRWL	Competency	High Risk Work Licence for forklift operation.
Telehandler Operation	Competency	Competent operator of telehandlers for materials handling and elevated placement.
Traffic Control	Safety	Traffic control qualification for management of traffic in construction and mining environments.
HR Drivers Licence	Licence	Western Australian Heavy Rigid (HR) class motor vehicle drivers licence.
Rio Tinto Site Induction	Safety	Approved site induction for Rio Tinto operations.
Fortescue (FMG) Site Induction	Safety	Approved site induction for Fortescue operations.
BHP Site Induction	Safety	Approved site induction for BHP operations.
Roy Hill Site Induction	Safety	Approved site induction for Roy Hill operations.

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. this candidate (Ref: ACM-HR-CV-009) is presented by ACM as a skilled professional available for immediate placement.
