Visa	Australian Citizen
Availability	Full Time

Professional Objective

An experienced Poly Welder and pipeline construction specialist with a strong background in PE pipe fusion and butt welding, civil earthworks, and drainage operations. Daniel has progressed through drain-laying apprenticeship to leading-hand roles, working across major civil contractors including Downer, Menzies Group, and ACM Resources, with induction approvals for Rio Tinto and Fortescue.

2. Employment History

ACM Resources (Australia) Pty Ltd

January 2023 – Present

Poly Welder

- Constructed new polyethylene pipeline systems across mining and civil sites.
- Performed maintenance on existing pipelines, including fault identification and rectification.
- Carried out poly welding and extrusion welding to applicable standards.
- Installed valves and associated pipeline fittings.
- Installed monitoring equipment along pipeline corridors.
- Planned and scheduled pipeline construction works in coordination with site supervision.
- Completed civil works associated with pipeline construction, including trenching and backfilling.

Menzies Group

November 2019 – January 2023

Drainer Leading Hand

- Acted as leading hand on drainage projects from commencement through to completion.
- Operated directional drills to install water pipes, power ducts, and sewer pipes on grade using Vermeer 22x20 and 36x50 units.
- Laid and installed sewer, stormwater, and water mains to specification.
- Read and interpreted site and services plans to guide installation activities.
- Set laser levels and conducted site set-outs for accurate grade control.
- Performed PE pipe fusion welding and butt welding.
- Implemented and maintained traffic management systems (STMS) and ensured a safe worksite.
- Operated excavators, front-end loaders, and trucks as required.

Various Companies — Canada*November 2017 – September 2019*

Various Roles

- Worked as a Lift Operator at Silver Star Mountain Resort, Vernon, BC.
- Served as a Canoe Attendant at Moraine Lake Lodge, Alberta.
- Performed caretaker duties at Post Hotel, Lake Louise, Alberta.
- All positions were based in workers' accommodation in remote environments.

Menzies Group*August 2016 – November 2017*

Drainer

- Laid and assisted in the installation of sewer and water pipelines.
- Performed PE pipe fusion welding and butt welding to project specifications.
- Operated trucks, excavators, and front-end loaders.
- Undertook manual labouring duties including locating underground services and seal preparation.

Downer*April 2012 – August 2016*

Drainer / Operator

- Completed a drain-laying apprenticeship and achieved trade qualification.
- Operated trucks and earthmoving equipment across drainage and civil projects.
- Laid and assisted in the installation of sewer and water pipelines.
- Performed PE pipe fusion welding.
- Read construction plans and assisted with site set-out activities.

3. Skills & Competencies

Competency Area	Detail
Poly & Extrusion Welding	Proficient in PE pipe fusion welding, butt welding, and extrusion welding for new construction and maintenance applications on mining and civil pipelines.
Pipeline Construction	Experienced in the full pipeline construction cycle from trench excavation and bedding through to installation, welding, and commissioning.
Plant Operation	Competent operator of excavators, front-end loaders, directional drills (Vermeer 22x20 and 36x50), and trucks. Holds an HR Drivers Licence.
Civil Works	Experienced in civil earthworks associated with pipeline and drainage construction, including service locating, set-out, and seal preparation.
Safety & Compliance	Familiar with confined space entry procedures, atmospheric gas testing, working at heights, and chainsaw operation. Holds a White Card and is inducted at Rio Tinto and Fortescue operations.

4. Licences & Certifications

Certification / Ticket	Category	Details
------------------------	----------	---------

Poly Welding	Competency	Polyethylene pipe welding competency for fusion and butt welding applications.
Extrusion Welding	Competency	Extrusion welding competency for PE pipe systems.
Join Polyethylene Plastic Pipelines Using Butt Welding	Competency	Nationally recognised unit of competency for butt welding of polyethylene plastic pipelines.
Join Polyethylene Plastic Pipelines Using Electrofusion Welding	Competency	Nationally recognised unit of competency for electrofusion welding of polyethylene plastic pipelines.
Work Safely at Heights	Safety	Certified for work at heights including harness use and anchor point inspection.
Confined Space Entry	Safety	Certified for confined space entry procedures.
Gas Test Atmosphere	Safety	Competency in atmospheric gas testing for confined space and hazardous area entry.
Chainsaw Operation	Competency	Competent in chainsaw operation for vegetation management on construction sites.
Operate 4WD Vehicle	Competency	Certified for operation of four-wheel drive vehicles in remote and off-road environments.
White Card	Safety	Construction industry general induction (White Card — Work Safely in the Construction Industry).
HR Drivers Licence	Licence	Western Australian Heavy Rigid (HR) class motor vehicle drivers licence.
Rio Tinto Site Induction	Safety	Approved site induction for Rio Tinto operations.
Fortescue (FMG) Site Induction	Safety	Approved site induction for Fortescue operations.

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. Daniel Lorimer is presented by ACM as a skilled professional available for immediate placement. All enquiries regarding this CV should be directed to jobs@acmresources.com.au.
