Email	—
Submitted by	ACM Resources (Australia) Pty Ltd jobs@acmresources.com.au
Visa	Australian Citizen
Availability	Immediate

Professional Objective

Highly experienced Poly Welder and Operator with over 15 years of continuous experience in HDPE pipeline welding, fabrication, and plant operations. Steven's career spans roles with Aussie Civil & Mining Resources, Polyfit Fabrication, and Polywest Engineering, covering butt fusion, electrofusion, fabrication of mitred bends, fabricated tees, and isometric interpretation. Holds FMG and Rio Tinto site inductions, a Section 44 certificate, and tickets for Roller and Loader. A strong safety record with proven competency across on-site and workshop-based welding environments. Available immediately.

2. Employment History

Aussie Civil & Mining Resources

2020 – Present

Poly Welder / Operator

- Performed butt fusion welding both on-site and in the workshop environment.
- Conducted electrofusion welding on-site and in the workshop.
- Fabricated mitred bends and fabricated tees to project specifications.
- Operated lifting equipment to support welding and installation activities.
- Interpreted isometric drawings for fabrication and installation purposes.
- Completed equipment maintenance and reported to Workshop Manager on activities and progress.
- Completed all HSEQ paperwork, managed stock, and carried out general workshop duties.

Polyfit Fabrication

2017 – 2020

Poly Welder / Operator

- Performed butt fusion and electrofusion welding on-site and in a workshop environment.
- Fabricated mitred bends and fabricated tees to specification.
- Operated lifting equipment and completed isometric interpretation for fabrication.
- Maintained welding equipment and reported progress to Workshop Manager.
- Completed HSEQ documentation and managed workshop stock levels.

Polywest Engineering

2015 – 2017

Poly Welder

- Carried out butt fusion and electrofusion welding on-site and in the workshop.
- Performed pre-fabrication of spools from isometric drawings.
- Maintained equipment in accordance with manufacturer and project requirements.
- Completed HSEQ paperwork and worked autonomously to deliver project outcomes.

Polyfit Fabrication

2011 – 2013

Poly Welder / Operator

- Performed butt fusion and electrofusion welding on-site and in the workshop.
- Fabricated mitred bends and fabricated tees.
- Operated lifting equipment and conducted isometric interpretation.
- Completed HSEQ documentation, managed stock, and performed general workshop duties.

Mick Taylor Concrete

2004 – 2014

Concreter / Labourer

- Completed on-site construction of sheds, patios, driveways, and house slabs.
- Carried out earthworks and applied a variety of concrete finishes.
- Trained and mentored new personnel in site procedures.
- Performed general on-site duties in support of project delivery.

3. Skills & Competencies

Competency Area	Detail
Poly Welding	Highly proficient in butt fusion and electrofusion welding of HDPE pipelines, in both on-site and workshop settings. Experienced in pipe sizes from 63mm to 800mm+
Fabrication	Skilled in the fabrication of mitred bends, fabricated tees, and custom spool work using isometric drawings. Experienced in pre-fabrication for on-site installation.
Plant Operation	Holds tickets for Roller and Loader. Experienced in the operation of lifting equipment to support pipeline welding and installation activities.
HSEQ Compliance	Consistently completes HSEQ documentation, attends safety meetings, and upholds zero-harm standards across all project environments.

4. Licences & Certifications

Certification / Ticket	Category	Details
PMBWELD301 — Butt Fusion Welding (HDPE)	Competency	Accredited butt fusion welding of polyethylene pipelines.
PMBWELD302 — Electrofusion Welding (HDPE)	Competency	Accredited electrofusion welding of polyethylene pipelines.
Section 44 — Appointed Person	Safety	Section 44 certificate — Appointed Person for lifting operations.
Roller	Plant	Certified to operate roller / compactor plant.
Loader	Plant	Certified to operate front end loader plant.

Safe Tilt-Up Work	Safety	Certified for safe tilt-up concrete panel operations.
FMG Site Induction	Safety	Fortescue Metals Group site induction — current.
Rio Tinto Site Induction	Safety	Rio Tinto site induction — current.

5. Referees

Professional references available upon request. Please contact ACM Resources to facilitate introduction.

ACM Resources is an active labour hire and construction contractor operating across WA mining and civil sectors. Steven Taylor is presented by ACM as a skilled professional available for immediate placement. All enquiries regarding this CV should be directed to jobs@acmresources.com.au.
